ABN: 65 030 644 080

**E**xcite the senses with the aromas and complex boquets of our Pure Australian Honey.

Explore the diversity of honey—from the mild flavours with delicate subtle differences, progressing to aromas and textures that are more lively on the palate, to the rich, complex and full flavoured honeys.

The honey is extracted and packed in Harden Murrumburrah NSW. However the honey is sourced from all areas of NSW, with truck loads of bees being moved throughout the countryside to chase the honey flows as plants begin to blossom.

We have crafted a worldwide niche for ourselves by producing seasonal, varietal honey sourced from bees taking pollen from a single type of flower, whether is is yellow box, iron bark or red stringy bark. However sometimes another plant will flower and provide a harmonious natural blend.

Come and see us at the markets and treat yourself to an exciting “Honey Experience”. We’ll give you time and lots to sample.

## **Old Bus Depot Markets – Kingston A.C.T.**

Every Sunday, 10am – 4pm

## **Good Living Growers Market – Pyrmont, Sydney**

1<sup>st</sup> Saturday of the Month, 7am – 11am
